

**VICTORIAN ASSOCIATION OF
AGRICULTURAL AND HORTICULTURAL EDUCATORS**

This is an invitation to join the Victorian Association of Agricultural and Horticultural Educators for 2023. The VAAHE represents and supports agriculture and horticulture teachers in Victorian schools. It provides a network for teachers isolated in their schools, an avenue for teachers to share resources and organises workshops and a conference each year. The VAAHE has a Facebook page where links to relevant Agricultural information, offers and events are posted regularly.

The VAAHE is made up of agriculture and horticulture teachers supporting each other. Membership in the VAAHE gives you automatic membership in the National Association of Agricultural Educators. Please consider joining us.
